FI Real Estate Management

FIREM was established almost 40 years ago and is a specialist property investment, property management and property development company operating through the UK in all sectors.

The business currently owns and manages over 10M sq ft of commercial property and is involved in promoting several major development projects, many for mixed uses, but most in the employment and commercial sectors.

The business knows all the problems, pitfalls and requirements that can either enhance or erode value in the property sector and it is this experience that makes its approach so different to other similar organisations and which has brought it continuing success over the years it has been operating.

The business is analytical, farsighted, decisive and creative and there are few situations that phase, confound or defeat it when it comes to commercial real estate in any sector in the UK.
